

Arabian Institute For Training

Certificate in Anti-Money Laundering

Why Attend

- This practical course gives you knowledge and necessary guidance on how to approach Anti-Money Laundering (AML) compliance within your organization. The course follows international best practice in AML, and covers both Anti-Money Laundering and Counter Terrorism Finance (CTF) Frameworks.
- This course is ideal for professionals seeking to learn how to identify and combat money laundering activities, and to protect their organizations. Both, participants with no previous AML experience and participants seeking AML certification, benefit from this course.

Course Methodology

- This course is highly interactive with facilitator-led presentations, group discussions and real current case studies.

Course Objectives

By the end of the course, participants will be able to:

- Understand international money laundering standards and the participants role as an Anti-Money Laundering Officer or Money Laundering Reporting Officer (MLRO) within their organization
- Establish a risk based approach to AML, the AML/CTF Framework, business risk assessments and suspicious activity reports
- Assess customer, product and jurisdictional risk, and identify red flags
- Develop methods for training and culture to identify and combat money laundering activities related to their organization

Target Audience

- This course is suitable for Compliance Officers, AML Officers, Money Laundering Reporting Officers (MLROs), Know Your Customer (KYC) analysts, auditors and any other professionals with responsibilities for financial compliance within their organization.
