Advanced Communication Skills

INTRODUCTION

- Great leaders are great communicators. Confidence, authenticity, assertiveness and ability to influence, persuade and negotiate are core skills for anyone who wants to progress in senior management. Good relationships with colleagues, customers, suppliers and other stakeholders make business easier. This Advanced Communications Skills training course helps busy professionals and executives to review and hone their communications capabilities.
- By the end of this training course, you will know how to gain attention and win respect, understanding and commitment. You will have honed your communications skills, added to your repertoire and gained the hallmarks of a senior manager and leader.

During Advanced Communication Skills training course, participants will develop the following competencies:

- Listening actively to and understanding others
- Building relationships with ease and confidence
- Convincing and persuading people by well thought-through arguments and appeals
- Giving clear instructions and explaining ideas with power and conviction
- Creating a collaborative environment to support and encourage team members

PROGRAMME OBJECTIVES

This Advanced Communication Skills training course aims to enable participants to:

- Be authentic, confident and assertive in their communication style
 - Use clear, positive, engaging language to explain, direct and instruct
 - Present like a professional in front of any audience
 - Chair meetings and lead negotiations with assurance
 - Persuade and convince others to win recognition and support.
-

WHO SHOULD ATTEND?

The Advanced Communication Skills training course is suitable for a wide range of professionals in both public & private sector organisations, but will be particularly beneficial to:

- Supervisors and managers who want to progress
- Project and team leaders who want to be more effectively
- Anyone who needs to negotiate as part of their role
- People who need to present clearly and to persuade others
- Executives who want to develop capabilities in motivating and inspiring people

TRAINING METHODOLOGY

- This Advanced Communication Skills training course training will be delivered through a combination of presentations, group discussion and group exercises. Delegates will be encouraged to ask questions relevant to their own backgrounds and company requirements. This style is highly-interactive with case-studies, videos and role-play affording many opportunities for participants to put into practice the skills they develop during the course.
- Participants will spend lots of time working one-on-one and in small groups to resolve the challenges participants face and will leave with new ideas and skills they can implement immediately they step back into their teams.

PROGRAMME SUMMARY

- This Advanced Communication Skills training course provides practical techniques so that the participants can build their effectiveness as leaders. Participants will leave confident that they can inspire and motivate colleagues, customers and team members.
