Advanced Social Media Training

INTRODUCTION

- This Advanced Social Media Training is designed to bring you up to speed on the latest techniques that are guaranteed to improve social media activities. This will focus on understanding what will get audiences to engage with and share their social media content.
- There will be a lot of time dedicated practicing content creation and social interaction skills in a fun and accessible way, so the delegates shall leave confident in their own abilities and will be able to apply newly acquired skills the moment they return to their desks.

This training seminar on Advanced Social Media Training highlights:

- Using social media effectively for marketing, public relations, HR, sales, and customer service
- Social media planning that meets audience needs and delivers business objectives
- Building audience relationships via social media that strengthen brand and reputation
- Creating engaging content audiences pay attention to and share with others
- Staying up to date with emerging topics, trends, and technologies on social media

OBJECTIVES

By the end of this training seminar, participants will be able to demonstrate the following skills, knowledge and behaviours:

- Advising leaders on social media strategy and plans
 - Using Facebook, Twitter, Instagram, Snapchat, et. al. for business
 - Finding and connecting with target audiences
 - Confidence in responding to audiences to shape opinions
 - Creating and optimising words and images that go viral
 - Writing that grabs attention and creates conversations
 - Researching trends to stay relevant
-

ORGANISATIONAL IMPACT

Participants will return to their organisations able to both advise on social media strategy and manage campaigns that integrate effectively with other business communication activities, including:

- Advising leaders on social media options
- Platforms and strategies that are appropriate to the organisation and audiences
- Developing social media plans and campaigns that support business vision, mission, and values
- Responding to audience participation and feedback on social media to strengthen loyalty
- Evaluating activities to demonstrate the value to the organisation in terms of finances, operations, reputation, and customer satisfaction

PERSONAL IMPACT

Participants will hear and discuss latest social media techniques and best practices, plus have opportunities to analyse their own social media strategies and activities, including:

- Developing social media activities and campaigns that engage audiences
- Listening to conversations, tapping into key trends and topical subjects
- Defining and targeting key audiences, influencers, opinion formers and interest communities
- Finding the best angles and language to hook people and build engagement
- Uploading and publicising really engaging stories, creating conversations, driving word of mouth
- Responding to comments and feedback in a way that positively builds relationships
